This wide road could be narrowed to provide a traffic free link to the Horse and Cart Inn

Preferred route for Greenway takes an easy gradient down to the floor of the valley, then follows field boundaries where the path can be fenced off from livestock. The nearby public footpath could be diverted to the Greenway.

The route via Church Lane and the Clayton Farm bridleway involves considerable climbing, steep gradients and cuts across a number of fields.

There are a number of options in this area. The most direct route involves two new bridges over the Tillingham
